Construction Project Management Consultancy

Assure Project Consultants is an ISO 9001:2015 certified pmc company in Valsad Gujarat. Specialized in project management consultancy services for the construction of Residential and Infrastructure Projects. With a vision of becoming the “**Engineering Consultant of Choice**” we have grown as an engineering and construction management firm by adding value to projects through engineering expertise.

Employing about **26+** engineers on project sites as well as at the head office; We strive to complete all our projects on scheduled **time**, within budgeted **cost**, as per specified **quality**, minimizing project **risks** and maximizing investment **returns**.

We are a trusted PMC in construction focused to ensure smoother operations and timely completion and emphasize implementing safety measures at all our construction sites. We have served major in sectors such as Industrial, Infrastructure, Commercial, Logistics, and Warehousing.

Our Vision

To be a trusted and leading consultancy firm delivering excellence in engineering, construction management, and quality assurance.

The Engineering Consultant of Choice.

Our Management is committed to: Complete ownership of the project’s scope of work, Continuous involvement throughout project lifecycle, Ease of access for process improvement and course correction. Upgradation of skills and investment in team to perform project management functions effectively.

Our Mission

- Deliver projects with highest quality standards.
- Ensure client satisfaction through professional excellence.
- Adopt innovative engineering solutions.
- Maintain quality, safety, sustainability, and efficiency in all operations.

Project Management Consultancy (PMC) is the extended arm of the developer, and the role mainly involves overseeing the documentation, quality inspections, project schedule tracking, and billing activities until the project’s handover. Our team of project management consultants has experience and expertise in addressing project issues and risks. We possess the knowledge and skills necessary to provide you with effective strategies for ensuring project success. We are dedicated to ethical business practices, prioritizing integrity, and transparency. You can trust us to deliver on our promises.
